MICROFIBER WORKS BETTER.

It's better!

While "old-fashioned" cotton cleaning tools simply push dirt, bacteria, and chemicals around (actually gathering more nastiness), Microfiber attracts dirt and captures it forever.

Microfiber strands are split or "cracked" 10 times which creates a positive electric charge. The dirt and dust particles have a negative charge which makes them a perfect match — one who's bond is super strong.

It's healthier!

According to the EPA, Microfiber leaves traditional mops in the dust when eliminating harmful bacteria.

When bacteria culture is taken after cleaning with a Microfiber mop, there can be up to a **99%** reduction from pre-cleaning vs. just a **33%** reduction when using regular cotton mops.

It's safer!

Our Microfiber solutions greatly reduce inhaling and/or absorption of toxic chemicals.

Can you believe that each year in the United States, commercial structure managers spend as much on hazardous cleaning chemicals as is spent on over 1 million cars, or 100,000 houses?!* Our cleaning solution significantly decrease this demand, which benefits everyone!

* Source: Chemical Free Cleaning Network

MICROFIBER IS BETTER.

www.bestrags.com

It's green!

Using Microfiber is the responsible thing to do for your business, employees, and the Earth.

Because less chemicals need to be used in the average cleaning, there is less contaminated water entering the water stream. According to the EPA, this can result in up to a 95% reduction in cleaning chemicals in our water supply. Also, because a soiled Microfiber mop is never returned to the cleaning solution it's a healthier and safer solution — there is never cross-contamination or unnecessary contact with cleaning chemicals.

It's sustainable!

Our Microfiber solutions promote human sustainability by protecting personal wellness.

LESS LIFTING: Our products eliminate the need for the constant lifting, filling, and moving of buckets that weigh an average of 30lbs. Plus, our mops weigh an average of 5lbs. less than traditional cotton mops; this can significantly reduce worker compensation claims.

It's smart!

As if all the other benefits are not enough, Microfiber is a financial no-brainer!

REDUCE MOP COSTS BY 60% Microfiber mops can be laundered up to 500 times. Compare that to the 55-100 times of regular mops. For example, in 1 year, a hospital could see a **60% reduction** in mop costs. Plus, more mops fit in 1 load of laundry, lowering water, detergent, and energy usage.

SAVE 90-95%/DAY IN PRODUCT COSTS: Because of Microfiber's increased efficiency and efficacy, you can experience water and chemical savings as much as 90%-95% **per day**, according to the EPA's statistics.

LOWER LABOR COSTS BY 20%/DAY: Using Microfiber reduces fatigue while increasing square footage coverage and allow fewer trips to change water/solution. For example, in 1 year a hospital could see a 20% average custodial labor savings per day. When combined with the mop cost savings it can be more than \$7000 per year, **per custodian!**

WHY ABW?

www.bestrags.com

ABW prides itself in being the very best in Microfiber product & service.

We are not just a supplier of products, we are a complete resource for our customers, building mutually beneficial programs through collaboration, communication, and personal service.

GLOBAL REACH, LOCAL PRESENCE:

With a large distribution facility on each coast, we ensure that we can meet the needs of your company, and those of your customers, wherever they are. From support to sourcing, our bi-coastal reach gives you a national staff to support local efforts.

PARTNERS IN BUSINESS:

We pride ourselves in our knowledge and expertise of market trends — working with you to develop informed, forward-thinking programs to drive business growth.

We take a “macro” approach in developing market specific programs — analyzing cleaning applications by market segment and determining the most cost effective way to get the job done. Our goal is to combine the best cleaning chemical with the best cleaning tools and applicators to develop the optimal solution.

MARKET AGILITY, FLEXIBILITY, & CAPABILITIES:

ABW has all of the important strength and expertise of a large supplier, while still maintaining the personal and customized attention and services that modern customers need. So whether you're looking for personal support or fully automated services, we can handle it. Some call it the best of both worlds, we call it ABW.

BALANCING ECONOMY & ENVIRONMENT:

It just so happens that Microfiber is not only the right thing to use to support our environment, but it's also the fiscally responsible thing to do. ABW is constantly innovating products that optimize the balance of efficacy, economics, personal health, and environmental impact.

PRODUCT FEATURES

www.bestrags.com

Hard Surface Cleaning & Dusting

MICROFIBER CLOTHS

For General Purpose Lint-Free Cleaning

- 80% Polyester, 20% Polyamide
- Can be laundered up to 500 times
- Lint-free
- Can be used wet or dry
- Multiple colors
- Multiple sizes: 16" x 16", 12" x 12"
- Multiple weights: 49 gm, 45 gm, 35 gm, 30 gm

BLUE SHINY GLASS CLEANING CLOTH

For Glass Cleaning

- 80% Polyester, 20% Polyamide
- Can be laundered up to 500 times
- Lint-free
- Smooth texture easily releases particles with rinsing
- Reduces the amount of chemical needed for cleaning
- 16" x 16", 45 gm

MICROFIBER SUEDE WINDOW CLOTH

Economical Glass Cleaning Tool

- 80% Polyester, 20% Polyamide
- Lint-free
- Can be used wet or dry
- Can be laundered up to 500 times
- Smooth texture easily releases particles w/ rinsing
- Great for delicate cleaning and polishing applications
- Streak free

MICROFIBER MITT

For General Purpose Lint-Free Cleaning

- 80% Polyester, 20% Polyamide
- Can be laundered up to 500 times
- Lint-free
- Can be used wet or dry
- Comfortable elastic wrist band
- 10" X 7", 300 gm per square meter

Hard Surface Cleaning & Dusting

MICROFIBER HAND TOWELS

For General Lint-Free Cleaning & Car Washing

- 80% Polyester, 20% Polyamide
- Outperforms traditional hand towels
- Can be laundered up to 500 times
- Microfiber holds dust and dirt when dry
- 80 gm/pc

MICROFIBER BAR MOPS

For General Cleaning in Food Service

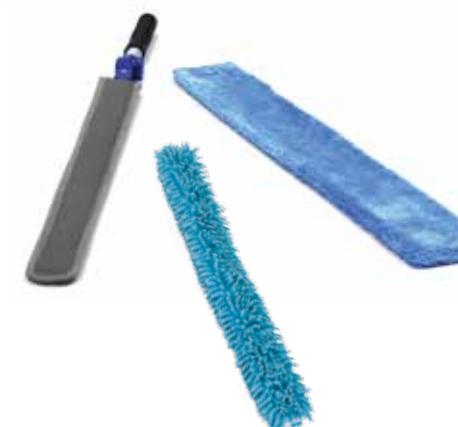

- 80% Polyester, 20% Polyamide
- Corners are heat sealed
- Center stripe
- Microfiber holds dust and dirt when dry
- Can be laundered up to 500 times
- 45 gm/pc

MICROFIBER WAFFLE CLOTHS

For Heavy Duty Cleaning

- Textured surface traps more dirt
- Streak free finish
- 80% Polyester, 20% Polyamide
- 82 gm/pc
- Multiple colors: blue, green, white

HIGH DUSTER

For Dusting in Hard to Reach Areas

- Flexible, thin foam frame
- 80% Polyester, 20% Polyamide
- Microfiber holds dust and dirt when dry
- Flexible blade allows high duster to hold the desired shape while in use
- Microfiber refills available separately
- 2" X 27", 300 gm per square meter

Wet Floor Cleaning

LOOPED END TUBE MOPS

For Healthcare & Disinfecting

- 80% Polyester, 20% Polyamide
- Durable tube strand design
- Sewn tail band
- Nylon mesh headband
- Multiple colors and sizes
- Absorbs 8x its weight
- Synthetic yarn inhibits growth of mold and mildew

LOOPED END MICROFIBER MOPS

For General Purpose Cleaning

- 80% Polyester, 20% Polyamide
- Looped end
- Nylon headband
- Sewn tail band
- Sizes: medium, large

MICROFIBER WET MOP

For Wet Floor Cleaning

- 80% Polyester, 20% Polyamide
- Durable double stitched edges
- Velcro® backing
- Multiple colors: blue, green, red
- Can launder up to 500 times
- 5" Wide backing
- Available in 13", 18", 24"

SCRUBBING MICROFIBER WET MOP

For Wet Floor Cleaning

- 80% Polyester, 20% Polyamide
- Durable double stitched edges
- Velcro® backing
- Scrubbing strips
- Can launder up to 500 times
- Multiple colors: blue, green, red
- 5" Wide backing
- 13", 18", 24" Sizes

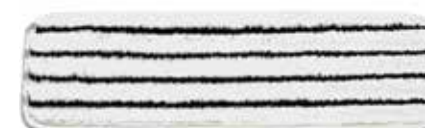

Wet Floor Cleaning

POCKET MOPS

For Wet Floor Cleaning

- 18" Side pocket-mop
- Highly absorbent
- Industrial strength canvas backing
- Matching hardware available
- Compatible with all major brand name frames
- Higher quality than leading brands
- Available in 5 colors to prevent cross-contaminations

MICROFIBER FLAT MOP W/SCRUBBING STRIPS

For Wet Floor Scrubbing & Cleaning

- 80% Polyester, 20% Polyamide
- Polyester scrubbing strips
- Durable double stitched edges
- Velcro® backing
- Can launder up to 500 times
- Green/white (18")
- 5" Wide backing

Dry Floor Cleaning

MICROLOOP FRINGE DUST MOP

For Dry Cleaning (Velcro® backing)

- 80% Polyester, 20% Polyamide
- Can launder up to 500 times
- Cut center and looped end fringe
- Velcro® backing
- 5" Wide backing
- 18", 24", 36" Sizes

MICROLOOP FRINGE DUST MOP

For Dry Cleaning (canvas backing)

- 80% Polyester, 20% Polyamide
- Can be laundered up to 500 times
- Cut center and looped end fringe
- Canvas keyhole backing
- Blue/grey synthetic yarn
- 5" Wide backing
- 18", 24", 36", 48", 60", 72" Sizes

PRODUCT FEATURES

HARD SURFACE CLEANING & DUSTING

Hardware and Dispensing

MOP HANDLES

- Aluminum or steel handle with EVA grip
- Plastic handle cap
- 71" extension pole

FLAT MOP FRAMES

- Velcro® strips are riveted
- Locking pin
- 11", 16", 22", 34" X 3" Sizes

POCKET MOP FRAME

- Locking pin
- Compatible with aluminum or steel pole with EVA grip
- 18" Frame
- Durable plastic

FLAT MOP BUCKET

- 6 gallon capacity
- Stores 36 flat mops
- Lid, sieve, and castors included

MULTIFUNCTIONAL CART

- Compatible with our flat mop bucket with or without casters
- Designed to accommodate cleaning supplies and waste collection
- Molded-in hooks for tool and mop handles

EASY FLO™ BUCKETLESS MOP

- Can cover up to 3000 square feet
- Ergonomic palm trigger mechanism
- Aluminum frame / HDPE refill bottle
- Easy connect and disconnect refill bottle
- 28 oz. capacity bottle
- 5" X 16" Velcro® frame
- Fits all size frames
