## Bulk Gallon Dispensing Systems

### Lotion Soaps, Sanitizers, Shampoos & Body Washes, Moisturizers and Specialty Hand Cleaners

Convenient, economical and simple to use, bulk packages can be the best choice for many general purpose and specialty applications. In addition to the gallon packages offered, most formulas can be supplied in 55-gallon drums or other customer-specified packages.

#### General Purpose

Ideal for any situation where medium to heavy soil removal is needed. Choose from a variety of regular, Green Seal™ Certified, and antibacterial soaps. Our Hair & Body products are formulated for convenience in the shower.

#### Hand Cleaners and Sanitizers

Clean, germ-free hands are required in all types of businesses. Our HSC E-2 Hand Sanitizer Cleaner is a single-step preparation designed to combine hand washing and sanitizer. Our Instant Hand Sanitizer is the ideal solution when water is not available or when sanitizing after handwashing is desired. Install a pump (see page 12) and dispense the product directly from the gallon jug or use it to refill smaller bottles.

#### Moisturizers

For dry hands we offer KML Moisturizing Lotion. KML is a non-greasy formula that contains Colloidal Oatmeal, an anti-itch ingredient, Vitamin E and Aloe Vera.
