Product Guide 53

*T*olco Corporation is so much more than just trigger sprayers! After spending over 53 years developing the most innovative and high quality trigger sprayers in the industry, it is easy to see why Tolco is synonymous with trigger sprayers. However, Tolco also sells over 500 products to the Janitorial, Foodservice, Industrial, Beauty & Barber, Consumer Products and Animal Health markets.

Tolco Corporation was founded by William E. Spengler in March, 1961. We began with just one product, the D-22 drum pump, which we still sell today. It was that best in class product which would be the foundation of our success. In the years that followed, we began developing the products that would define their categories. The D-22 was just the start, followed by the 320 trigger sprayer, the 942 pump-up sprayer, and continuing today with the award winning line of EcoChoice® products. We are committed to provide you with exciting, innovative products well into the future.

Mr. Spengler was fond of saying, "Initially, all orders were shipped F.O.B. - from our basement." Much has changed since 1961, but one thing that hasn't is that Tolco is still a family owned and operated business. The average employee has been with Tolco over 10 years, and a few have been here over 20 years. All of us here at Tolco embrace the company philosophy: "Be Great – Have Fun."

From our family to yours, thank you for your continued support. We sincerely appreciate your trust and confidence. All of us at Tolco Corporation look forward to providing our customers with many more years of excellence.

CleanChoice™ URINAL DEODORIZER

Size Matters
10% larger than leading competitors

Freshens the Air Longer
Fragrance is gradually released over 30 days - 10x more fragrance than a vinyl urinal screen

VOC Compliant
Available for sale in all 50 states. No ozone depleting ingredients. 1/10 the VOC's of most aerosols

Saves Time & Money
Revolutionary design reduces splash back while optimizing fragrance release - cutting cleaning time in half

Eliminates Odors
Releases optimized bacteria that cleans the urinal and eliminates odors - shrinks in size as it releases beneficial bacteria and fragrance
