YOUR AUTHORIZED DISTRIBUTOR

Tuf-Tex, Inc. is a small company rooted in North Carolina's piedmont; a great place to live! We consistently rank among the most successful institutional bedspread manufacturers in the country. Why? Quite simply, we offer unimpeachable quality and absolutely the best service in our industry. We are constantly searching for smarter and better ways to do what we do...and what we do is sell excellent quality backed up by Golden Rule service: at Tuf-Tex, making a profit is important but it is not *most* important. Doing business in an ethical, honorable fashion is our first priority. Making and keeping friends is right up there too; and that happens quite naturally by keeping quality and service our chief priorities.

We design and manufacture our own bedspreads and blankets at Tuf-Tex. Everything we have anything to do with is 100% American. We think "American Made" is an honorable label...more important today than ever before. If you have not tried our products before, be prepared for a treat! Extreme durability and (available) flame resistance are our hallmarks. We think you'll appreciate our attractive colors and competitive pricing, too. We are clearly proud of our company and believe you will see why after purchasing your first bedspreads, blankets and cubicle curtains from us.

HAMPTON

Wearry of buying cotton "thermal" blankets... too often? Blankets that don't really keep anybody warm...but do gunk up your expensive washing machinery and look pretty ragged after only a few washings? Welcome to the Hampton Blanket by Tuf-Tex! Hamptons keep your guests warm, release even the worst stains, wash and dry fast, and look great even after *hundreds* (400-500 on average) of commercial washings because they simply will not unravel, rip, fade or stretch. And, would you believe they are flame-resistant too? Every Hampton is flame-resistant for your guests' safety, brushed and sheared on both sides for a

plushy velour, cozy feeling. Hamptons are available in sizes bunk to king. Great blanket!

Colors Available

Left: Cream

Right top to bottom: Blue, Rose

Ground: Camel

SPRING GARDEN

Who isn't ready for a breath of springtime, especially on the doggiest summer afternoon or the gloomiest winter morning? Our Spring Garden Bedspread is your ticket to the fresh, soft, cool tones typical of this wonderful season. Despite its seemingly fragile beauty, the unquilted Spring Garden Bedspread is a tough customer, perfect for a rugged institutional environment: they will not fade, rip, or fray, and are available flame-resistant, for your guests' safety, or non-flame resistant. Note the distinctive (and exclusive) lattice design. Like all Tuf-Tex unquilteds, Spring Garden will look great after *hundreds* of commercial washings, which equates to *extraordinary* value: you won't have to replace them nearly as often as cotton or cotton-poly products. Also available *quilted*. Twins only, please.

Colors Available

Left top to bottom: Blue Bell, Tea Rose, Frost Green

Right top to bottom: Willow Green, Wheat, Apricot, Wicker, Heather

Ground: Cantaloupe, Quilted

NEW HORIZON

New Horizon is, quite simply, the best institutional bedspread value in America. Traditionally Tuf-Tex's budget bedspread, New Horizon appeals most to those economy-minded folks interested in saving maximum money but stubbornly unwilling to sacrifice quality. Despite its surprisingly low price, New Horizon lasts as long as Tuf-Tex's big boys (that is, hundreds of institutional washings!) and looks just great doing it! Featuring an interesting horizontal rib, New Horizon is available flame-resistant, for your guests' safety, or non-flame resistant, in sizes ranging from bunk to full... and features a

rainbow of twelve popular colors. New Horizon, since it's by Tuf-Tex, is All-American.

Colors Available

Left top to bottom: Dark Blue, Spice, Brick, Celedon, Chocolate

Right top to bottom: Heather, Eggshell, Shrimp, Yellow, Mist, Mauve

Ground: Sand

VEGAS

For many facilities it's simple: only quilted will do. We understand and have designed a great quilted institutional bedspread for you. Vegas by Tuf-Tex, available in nine designer colors, will survive institutional use better than most quilts because it's seamless and sturdy. Our exclusive "Dura-Tex" backing and four-ounce fiber fill complete the picture. Sizes range from twins to kings, with extra-longs available. Totally American-made, of course.

Colors Available

Left top to bottom: Blue Mist, Heather, Magenta

Right: Bisque

Ground: Teal

Also available (not shown): Blue, Rust, Grass Green, Shrimp

CAROLINA COLLECTION

From deep in the heart of the Carolinas comes Tuf-Tex's answer to the demand for high-end woven, yarn-dyed, 100% AVORA, 72" cubicle curtain fabric that *looks* expensive... but will shock you with *mill-level* pricing! Since it's AVORA you know it is permanently flame-resistant, for your guests' safety. It also washes and dries in a flash and looks great for years. 100% American made.

Colors Available

Left top to bottom: Charleston-Melon; Durham-Seafoam/Melon; Charleston-Seafoam; Raleigh-Seafoam/Melon; Hatteras-Melon; Hatteras-Seafoam

Right top to bottom: Charleston-Mauve; Durham-Blue/Mauve; Charleston-Blue; Raleigh-Blue/Mauve; Hatteras-Mauve; Hatteras-Blue

CHECKMATE

Many of you refuse to compromise on traditional styling... but seem interested in styles other than ribs. Well, Checkmate is your bedspread! The classic chessboard, or "windowpane," pattern makes this product unique, and lends a bit of elegance to any ensemble...which is great because the versatile Checkmate fabric is available for *quilted* bedspreads. Checkmate *unquilted* is available flame-resistant for your guests' safety, or non-flame-resistant. It washes and dries in a flash (conserves utility dollars!), and positively will not fray, unravel or rip. Looks great *for years* (hundreds

of institutional washings for the unquilted) unlike competitors' 'spreads which begin to look, well, a bit shabby after a mere forty or fifty washings. Twins only.

Colors Available

Left top to bottom: Copen, Champagne, Sapphire, Shrimp

Right top to bottom: Blush, Mist, Fawn, Wine

Ground: Seafoam, Quilted

SUPER-CORD

Called by many "The best institutional bedspread in America," Super-Cord® is the heavy-duty, rib-cord flagship of the Tuf-Tex line! This seamless bedspread (won't rip, fray or unravel!) is available flame-resistant for your guests' safety or non-flame-resistant...and looks great for *years*, not just for a few months like the competition. This bedspread reduces utility bills

because it washes and dries fast at economical temperatures and saves replacement costs because, well, you won't have to replace it very often! Sized from bunks to queens. Resists all stains and, of course, is made entirely in the USA!

Colors Available

Left top to bottom: Seafoam, Copen,
Banana, Buttercream

Right top to bottom: White*,
Federal Blue, Shrimp,
Larkspur, Plum

Ground: Heather
