

# WHY BUY A MOSQUITO SUPER VAC

Hello, my name is Montgomery Bisson, founder and president of Mosquito Super Vac. After 21 years of designing and building vacuums I've watched my competitors and myself succumb to the greed of off-shore manufacturing. Today our country is vulnerable, our talent unemployed, and profits empowering foreign competition. If you care, buy American. If you want power, quality and the longest warranty in the industry buy an American-made Mosquito Super Vac!

- **Made in the USA:** 84% of the 38 parts in this vacuum are US made.
- **Warranty:** 7-year unconditional warranty "Best in the Industry."
- **Power:** Exceeds or meets all competitors vacuums.
- **Quality:** Our warranty says it all. The longest unconditional warranty in the industry.
- **Value:** American quality with offshore pricing.
- **HEPA:** Mosquito Super Vac only sells HEPA filtered vacuums. Fine particulates are a carcinogen, so check your filter regularly.
- **Private Labeling:** Small or large quantities.

Mosquito Super Vac is a division of Montgomery Designs Inc.

## SUPER MOSQUITO HEPA

Vacuum 60% faster with the Super Mosquito HEPA. Extremely high air-flow speeds your cleaning, increasing productivity, reducing costs and effort. Great for use in schools, office buildings, hospitals and high traffic areas. Highly effective in removing fine dust and particulates embedded deep in the carpet fibers.

### Specifications:

Weight: 11 lbs.  
Airflow: 150 CFM  
Static Lift: 100 in.  
Power: 1188W  
Amperage: 9.9amp  
Decibel: 64dB  
Filtration: Quad/w HEPA  
99.97 at 0.3 microns

10-quart

6-quart

**10 Quart - Part #11113 - \$539.00**  
**6 Quart - Part #20725 - \$528.00**

*Includes standard tool kit, aluminum wand,  
14" floor tool, dust brush, crevice tool  
and upholstery tool*

## CONSTRUCTION MOSQUITO HEPA

The Construction Mosquito HEPA has powerful performance for demanding situations. Using a Torque Master™ two-stage motor speeds the recovery of heavier particulates. Perfect for use in construction, demolition, restoration, remodeling and as an attachment to high speed floor buffers and sanders.

### Specifications:

Weight: 11.5 lbs.  
Airflow: 130 CFM  
Static Lift: 100 in.  
Power: 1122W  
Amperage: 9.6amp  
Decibel: 62dB  
Filtration: Quad/w HEPA  
99.97 at 0.3 microns

10-quart

6-quart

**10 Quart - Part #33901 - \$546.00**  
**6 Quart - Part #45061 - \$535.00**

*Includes standard tool kit, aluminum wand,  
14" floor tool, dust brush, crevice tool  
and upholstery tool*

## Aviation/Transportation HEPA

The Aviation and Transportation Mosquito HEPA with a 400hz motor uses the same power source found on aircraft, trains, buses, and more. No adapters needed just plug-in and speed clean. Choose from our 10 quart or 6 quart models depending on the available work space and capacities needed.

### Specifications:

Weight: 11 lbs.  
Airflow: 150 CFM  
Static Lift: 100 in.  
Power: 1188W  
Amperage: 9.9amp  
Decibel: 64dB  
Filtration: Quad/w HEPA  
99.97 at 0.3 microns

10-quart

6-quart

**10 Quart - Part #55601 - \$658.00**  
**6 Quart - Part #66023 - \$639.00**

*Includes standard tool kit, aluminum wand,  
14" floor tool, dust brush, crevice tool  
and upholstery tool*
