

Coex +Post Consumer and Microban® Low Density Post Consumer Blend Star Seal Individually Folded bags

LEED compliant COEX Supertuff CXP is SCS Global Services Certified, guaranteeing at least 80% recycled material composition, of which 10% is certified post consumer waste content. This unique product meets LEED criteria for municipal, state and federal regulations. ALUF Plastics is proud to offer the only SCS Global Services Certified Post Consumer liner with Microban® antimicrobial protection. Adding Microban® provides an additional feature which inhibits the growth of odor-causing bacteria on the inside and outside of the bag, keeping surfaces cleaner between cleanings. This highly engineered tri-laminated product incorporates extra strength at lower gauges while providing an advantageous cost in use when compared to traditional black bags. These bags feature star sealed bottoms for leak-proof strength, and are packed in a handy dispenser carton.

- SCS Global Services Certified
- Microban® Anti-Microbial
- Tri-Laminate Technology
- Leak-Proof Star Seal
- 3 PLY
- 80% + Recycled Content

cavalier inc.

providing facility health solutions

In today's dynamic and fast-paced world, Cavalier, Inc. has become an industry and community leader. As our broad-ranging customer base, and their needs, directives, and buying habits have evolved over time, so has our vision and expertise. The customer-focused mission of Cavalier, Inc. is to "provide facility health solutions", while incorporating the latest technology, social media influence, and process-oriented business practices. Rather than wait for our customers to change, and then react, we will provide the way forward and lead our customers to the best solution. Sustainable, "green" (i.e. healthy) products and services are the foundation and future for healthy facilities, healthy and happy occupants and employees in those facilities – and as an end result – a healthier community. Aside from the physical health benefits, the financial benefit to our customers is that all of this can be done in cost-effective, energy-efficient ways that will ultimately increase their bottom lines – leading to overall healthier and happier organizations. Cavalier, Inc. is 100% committed and dedicated to these new and forward-thinking initiatives. 71 years of company history, and many more combined years of experience, have led to this point, and to our new and encompassing goal and mantra – **Health, and the Pursuit of Happiness.**
